## Shipped Chilled Semen Contract

Lola's Eightball  
Registration #298107  
Percheron Stallion

Lola Percherons LLC agrees to sell semen from Lola's Eightball for the purpose of breeding the mare \_\_\_\_\_, registration # \_\_\_\_\_ under the following conditions and terms.

1. The breeding season covered under this contract begins February 1<sup>st</sup> and ends July 15<sup>th</sup> of the same year.
2. Lola Percherons' responsibility to this contract end when the above named mare becomes pregnant or when the active breeding season ends.
3. Mares that do not conceive in the current breeding season will be given return privileges for the following season, only if Lola Percherons is informed of the barren status before the end of the current breeding season.
4. Lola Percherons does not offer any type of live foal guarantee.
5. The stud fee is \$500.00 and is due before the semen is shipped.
6. A container and shipping deposit of \$200.00 is also due with the stud fee. All semen transportation charges will be deducted from the deposit and the balance will be refunded upon the return of all shipping containers and a certificate of insemination signed by a licensed veterinarian.
7. A collection fee of \$35.00 per shipment will be charged and deducted from the deposit.
8. Lola Percherons assumes responsibility only to deliver semen in viable condition at the time of delivery to the mare owner's farm or designated location. A licensed veterinarian must administer the semen.
9. Lola Percherons requires a 24-hour notice prior to shipment of semen. If less than 24 hours notice is given, shipping may not be possible until the following day.
10. Shipping of semen is done by an overnight carrier (i.e. UPS, FED EX or Air Freight). If airfreight must be used, there will be a \$35.00 charge for airport courier service.
11. Semen shipping containers must be returned within 24 hours after insemination of the mare. The completed certificate of insemination must be returned with the container. The container must be insured for \$300.00 and be sent via UPS, FED EX or USPO for "Second Day" or "Priority Mail". If the container is returned to Lola Percherons in damaged condition or is lost, the repair/replacement cost will be the responsibility of the mare owner.

12. The mare owner will assume all responsibility for any risk to the mare from death, injury, infection or any other cause as result of the breeding and will not hold Lola Percherons liable for any loss.
13. The mare owner agrees to ensure that the mare is in sound breeding condition. Barren mares should have a clean uterine culture prior to insemination. Cultures on maiden and foal heat mares are at veterinarianian discretion.
14. If the stallion dies or otherwise becomes unfit for service before the first delivery of semen, this contract terminates automatically upon notice to the mare owner without liability and all prepaid fees and charges shall be refunded to the mare owner in full. If this happens after the first collection and shipment of semen and the mare becomes pregnant, the terms of this contract will be fulfilled. If the mare is not pregnant, the \$500 stud fee will be returned.

I had read the above terms and conditions carefully and sign below agreeing to this contract.
